

Specification

Technical Data Sheet

Product Name	Neutral Red (C.I. 50040)
---------------------	--------------------------

Product No	75227571
-------------------	----------

CAS Number	553-24-2
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	288.78
-------------------------	--------

Specification

Appearance	Very dark-green to blackish-brown powder
-------------------	--

Identification	Conforms to reference
-----------------------	-----------------------

pH	6.8 (red) - 8.0 (yellow)
-----------	--------------------------

Residue on Ignition	≤2.0%
----------------------------	-------

Sensitivity Test	Pass
-------------------------	------

Ethanol dissolution test	Pass
---------------------------------	------
