

Specification

Technical Data Sheet

Product Name	2-Naphthalenesulfonic acid
---------------------	----------------------------

Product No	78651201
-------------------	----------

CAS Number	120-18-3
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	208.23
-------------------------	--------

Specification

Appearance	Off-white crystal
-------------------	-------------------

Water	<35%
--------------	------

Free acid	<2%
------------------	-----

Metallic Ions	<20ppm
----------------------	--------

Purity HPLC	>98%
--------------------	------
