

Specification

Technical Data Sheet

Product Name	Sulfolane (Tetramethylene sulfone)
---------------------	------------------------------------

Product No	80555813
-------------------	----------

CAS Number	126-33-0
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	120.17
-------------------------	--------

Specification

Appearance	Colourless to light yellow liquid
-------------------	-----------------------------------

Water	$\leq 0.5\%$
--------------	--------------

Purity	$\geq 99\%$
---------------	-------------
