

Specification

Technical Data Sheet

Product Name	Hydriodic acid, 57% aq. soln.
---------------------	-------------------------------

Product No	84934648
-------------------	----------

CAS Number	10034-85-2
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	127.9124
-------------------------	----------

Specification

Appearance	Colourless to yellow to brown liquid
-------------------	--------------------------------------

Assay (Titration)	55.0 - 59.0%
--------------------------	--------------
