

Specification

Technical Data Sheet

Product Name	1,6-Dimethoxynaphthalene
---------------------	--------------------------

Product No	85048069
-------------------	----------

CAS Number	3900-49-0
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	188.22
-------------------------	--------

Specification

Appearance	White to off-white/ orange crystalline powder
-------------------	---

Melting Point	56 - 60°C
----------------------	-----------

Purity GC	≥97.0% (GC)
------------------	-------------
