

Specification

Technical Data Sheet

Product Name	6-Aminoquinoline
---------------------	------------------

Product No	88324018
-------------------	----------

CAS Number	580-15-4
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	144.17
-------------------------	--------

Specification

Appearance	Brown
-------------------	-------

IR	Conforms to Structure
-----------	-----------------------

Melting Point	115-119°C
----------------------	-----------
