

Specification

Technical Data Sheet

Product Name	Sodium selenate decahydrate
---------------------	-----------------------------

Product No	89966144
-------------------	----------

CAS Number	10102-23-5
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	369.09
-------------------------	--------

Specification

Appearance	White powder
-------------------	--------------

Cadmium (Cd)	≤ 5 ppm
---------------------	--------------

Content	$\geq 99\%$
----------------	-------------

Iron (Fe)	≤ 10 ppm
------------------	---------------

Moisture	$\leq 0.5\%$
-----------------	--------------

Selenite	$\leq 0.5\%$
-----------------	--------------

Tellurium (Te)	≤ 100 ppm
-----------------------	----------------

Specification

Arsenium (As) $\leq 5\text{ppm}$

Copper (Cu) $\leq 10\text{ppm}$

Insoluble Residue $\leq 0.1\%$

Lead (Pb) $\leq 20\text{ppm}$

Mercury (Hg) $\leq 1\text{ppm}$

Nickel (Ni) $\leq 10\text{ppm}$

Selenium (Se) $\geq 21\%$
