

Specification

Technical Data Sheet

Product Name	DL-Menthone, mixture of isomers
---------------------	---------------------------------

Product No	89966534
-------------------	----------

CAS Number	10458-14-7
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	154.25
-------------------------	--------

Specification

Appearance	Colourless liquid
-------------------	-------------------

Refractive Index	1.4480 - 1.4520
-------------------------	-----------------

Specific rotation	$\geq -20.0^\circ$
--------------------------	--------------------

Assay	$\geq 96.0\%$
--------------	---------------

Relative density	0.8900 - 0.9000
-------------------------	-----------------

Identification (IR)	Conforms to reference
----------------------------	-----------------------
