

Specification

Technical Data Sheet

Product Name	N-Ethyl-o-toluenesulfonamide
---------------------	------------------------------

Product No	89966862
-------------------	----------

CAS Number	1077-56-1
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	199.27
-------------------------	--------

Specification

Appearance	Light yellow oily liquid
-------------------	--------------------------

Identification	Conforms to reference
-----------------------	-----------------------

Assay	≥ 98.0%
--------------	---------
