

Specification

Technical Data Sheet

Product Name	4-Hydroxydiphenylamine
---------------------	------------------------

Product No	89968043
-------------------	----------

CAS Number	122-37-2
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	185.23
-------------------------	--------

Specification

Appearance	Grey to Light yellow or brown solids
-------------------	--------------------------------------

Assay/Purity	$\geq 98.0\%$
---------------------	---------------

Ash	$\leq 0.50\%$
------------	---------------

Melting Point	63 - 79°C
----------------------	-----------

Identification (RAMAN)	Conforms to Reference
-------------------------------	-----------------------

Water Content	$\leq 0.50\%$
----------------------	---------------
