

Specification

Technical Data Sheet

Product Name	Sodium 2-ethylhexyl sulfate (40% aqueous solution)
---------------------	--

Product No	89980948
-------------------	----------

CAS Number	126-92-1
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	232.27
-------------------------	--------

Specification

Appearance	Clear colourless to yellow liquid
-------------------	-----------------------------------

Density	1.09 - 1.14
----------------	-------------

pH	7.0 - 10.0
-----------	------------

Active substance	≥ 40.0%
-------------------------	---------
