

Specification

Technical Data Sheet

Product Name	Ferrous acetylacetonate
---------------------	-------------------------

Product No	89981820
-------------------	----------

CAS Number	14024-17-0
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	256.08
-------------------------	--------

Specification

Appearance	Red to brown powder
-------------------	---------------------

Melting Point	174 - 176 Deg C
----------------------	-----------------

Fe (Titration by Na₂S₂O₃)	21.2 - 22.7%
---	--------------

Purity	98 - 100%
---------------	-----------
