

Specification

Technical Data Sheet

Product Name	Benzylideneacetone, 99+%
---------------------	--------------------------

Product No	89983833
-------------------	----------

CAS Number	1896-62-4
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	146.19
-------------------------	--------

Specification

Appearance	Colourless to light yellow crystal
-------------------	------------------------------------

Melting Point	39 - 41.3 Deg C
----------------------	-----------------

Water	<0.1%
--------------	-------

Assay	>99%
--------------	------
