

Specification

Technical Data Sheet

Product Name	Dihydro-3-(tetrapropenyl)furan-2,5-dione
---------------------	--

Product No	89985628
-------------------	----------

CAS Number	26544-38-7
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	266.38
-------------------------	--------

Specification

Appearance	Clear yellow liquid
-------------------	---------------------

Density	1.00 - 1.01
----------------	-------------

Identification	Conforms to reference
-----------------------	-----------------------

Viscosity	250 - 475
------------------	-----------

Content	≥ 99% GC
----------------	----------

Acid value mgKOH/g	395 - 432
---------------------------	-----------
