

Specification

Technical Data Sheet

Product Name	Solvent Blue 4
---------------------	----------------

Product No	89991242
-------------------	----------

CAS Number	6786-83-0
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	487.63
-------------------------	--------

Specification

Appearance	Dark purple to dark red solid
-------------------	-------------------------------

Assay	>98%
--------------	------
