

Specification

Technical Data Sheet

Product Name	Ammonium polyphosphate
---------------------	------------------------

Product No	89991336
-------------------	----------

CAS Number	68333-79-9
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	149.08
-------------------------	--------

Specification

Appearance	White powder
-------------------	--------------

Identification	Conforms to reference
-----------------------	-----------------------

Moisture	$\leq 0.25\%$
-----------------	---------------

Thermal decomposition temperature	$\geq 280^{\circ}\text{C}$
--	----------------------------

Average size	To be reported
---------------------	----------------
