

# Specification

## Technical Data Sheet

<b>Product Name</b>	4-Aminophenyl disulfide
---------------------	-------------------------

<b>Product No</b>	89994820
-------------------	----------

<b>CAS Number</b>	722-27-0
-------------------	----------

<b>Storage Temperature</b>	Ambient
----------------------------	---------

<b>Molecular Weight</b>	248.37
-------------------------	--------

### Specification

<b>Appearance</b>	Light yellow to light brown powder
-------------------	------------------------------------

<b>Melting Point</b>	74 - 77 °C
----------------------	------------

<b>4,4-Diaminodiphenyl sulfide</b>	≤0.3%
------------------------------------	-------

<b>4-Aminothiophenol</b>	≤0.5%
--------------------------	-------

<b>Assay</b>	≥98.0%
--------------	--------

<b>Identity by Infra Red</b>	Conforms to literature spectrum
------------------------------	---------------------------------
