

Specification

Technical Data Sheet

Product Name	Lithium borohydride
---------------------	---------------------

Product No	90004881
-------------------	----------

CAS Number	16949-15-8
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	21.78
-------------------------	-------

Specification

Appearance	White or white to grey powder
-------------------	-------------------------------

Active hydrogen content	$\geq 96\%$
--------------------------------	-------------

Purity	$\geq 96\%$
---------------	-------------
