

Specification

Technical Data Sheet

Product Name	Sodium ethoxide
---------------------	-----------------

Product No	90005014
-------------------	----------

CAS Number	141-52-6
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	68.05
-------------------------	-------

Specification

Appearance	White powder
-------------------	--------------

Identification	Conforms to reference
-----------------------	-----------------------

Assay	≥99.00%
--------------	---------

Na₂CO₃	<0.5%
-------------------------------------	-------

Dissociate alkali	≤1.0%
--------------------------	-------
