

Specification

Technical Data Sheet

Product Name	Denatonium benzoate powder
---------------------	----------------------------

Product No	90005192
-------------------	----------

CAS Number	3734-33-6
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	446.58
-------------------------	--------

Specification

Appearance	White powder
-------------------	--------------

Molecular Weight	446.58
-------------------------	--------

Identification	Conforms to reference
-----------------------	-----------------------

Loss on Drying	≤1.0%
-----------------------	-------

Melting Point	163 - 170 °C
----------------------	--------------

pH	6.5 - 7.5
-----------	-----------

Assay	99.5 - 101%
--------------	-------------

Specification

Chloride (Cl) $\leq 0.2\%$

Residue on Ignition $\leq 0.1\%$
