

Specification

Technical Data Sheet

Product Name	Hexane 99% SG
---------------------	---------------

Product No	90005284
-------------------	----------

CAS Number	110-54-3
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	86.18
-------------------------	-------

Specification

Appearance	Clear colourless liquid
-------------------	-------------------------

Density	662 - 666kg/m ³
----------------	----------------------------

Aromatics	≤10mg/kg
------------------	----------

Nonvolatile matter	≤1mg
---------------------------	------

Purity	≥99.0%
---------------	--------
