

Specification

Technical Data Sheet

Product Name	p-Toluenesulfonic acid
---------------------	------------------------

Product No	90018846
-------------------	----------

CAS Number	104-15-4
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	172.20
-------------------------	--------

Specification

Appearance	White needle crystal
-------------------	----------------------

Assay (Titration)	$\geq 98.0\%$
--------------------------	---------------

Water Content (KF)	$\leq 4.0\%$
---------------------------	--------------

Free sulphuric acid	$\leq 0.3\%$
----------------------------	--------------

Identification (IR)	Conforms to reference
----------------------------	-----------------------
