

# Specification

## Technical Data Sheet

|                     |                           |
|---------------------|---------------------------|
| <b>Product Name</b> | Cephalosporin C zinc salt |
|---------------------|---------------------------|

|                   |          |
|-------------------|----------|
| <b>Product No</b> | 90021965 |
|-------------------|----------|

|                   |            |
|-------------------|------------|
| <b>CAS Number</b> | 59143-60-1 |
|-------------------|------------|

|                            |           |
|----------------------------|-----------|
| <b>Storage Temperature</b> | 2 to 8 °C |
|----------------------------|-----------|

|                         |        |
|-------------------------|--------|
| <b>Molecular Weight</b> | 478.78 |
|-------------------------|--------|

### Specification

|                   |                              |
|-------------------|------------------------------|
| <b>Appearance</b> | White to light yellow powder |
|-------------------|------------------------------|

|                       |                       |
|-----------------------|-----------------------|
| <b>Identification</b> | Conforms to reference |
|-----------------------|-----------------------|

|              |         |
|--------------|---------|
| <b>Assay</b> | ≥ 98.0% |
|--------------|---------|
