

Specification

Technical Data Sheet

Product Name	p-Chloro-m-cresol
---------------------	-------------------

Product No	90023108
-------------------	----------

CAS Number	59-50-7
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	142.58
-------------------------	--------

Specification

Appearance	White crystalline or powder or flakes
-------------------	---------------------------------------

Melting Point	62.0°C - 69.0°C
----------------------	-----------------

Content	≥99.8%
----------------	--------

Identification(FTIR)	Conforms to reference
-----------------------------	-----------------------
