

Specification

Technical Data Sheet

Product Name	Polyethylene glycol 8000
---------------------	--------------------------

Product No	90023123
-------------------	----------

CAS Number	25322-68-3
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	Polymer
-------------------------	---------

Specification

Appearance	White crystalline solid
-------------------	-------------------------

pH	5.0 - 7.0 (5% aq.)
-----------	--------------------

Hydroxyl value(mgKOH/g)	≤ 30mgKOH/g
--------------------------------	-------------

Identification (IR)	Conforms to structure
----------------------------	-----------------------
