

Specification

Technical Data Sheet

Product Name	Pentyl 4-hydroxybenzoate
---------------------	--------------------------

Product No	90024030
-------------------	----------

CAS Number	6521-29-5
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	208.25
-------------------------	--------

Specification

Appearance	White to off-white powder
-------------------	---------------------------

Purity (Neutralisation)	$\geq 98\%$
--------------------------------	-------------

Purity GC	$\geq 98\%$
------------------	-------------

Solubility in methanol	Almost transparency
-------------------------------	---------------------
