

Specification

Technical Data Sheet

Product Name	Nicotine/propylene glycol 1:9 mixture
---------------------	---------------------------------------

Product No	90024511
-------------------	----------

CAS Number	54-11-5
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	162.23
-------------------------	--------

Specification

Appearance	Colourless, pale yellow to red or brown liquid
-------------------	--

Content	10% Nicotine 90% Propylene glycol
----------------	-----------------------------------
