

Specification

Technical Data Sheet

Product Name	Sodium acetate trihydrate, ACS Grade
---------------------	--------------------------------------

Product No	90025399
-------------------	----------

CAS Number	6131-90-4
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	136.08
-------------------------	--------

Specification

Appearance	White crystal powder
-------------------	----------------------

Loss on Drying	36.0 to 42.0%
-----------------------	---------------

Assay	≥ 99.0%
--------------	---------

Iron (Fe)	≤ 5ppm
------------------	--------

Oxidisable Matter	≤ 0.15%
--------------------------	---------

Alkalinity (% NaOH)	≤ 0.15
----------------------------	--------

pH (10 % in H₂O)	8.0 - 8.5
------------------------------------	-----------
