

Specification

Technical Data Sheet

Product Name	3-(4-Chlorobenzal)phthalide
---------------------	-----------------------------

Product No	90025703
-------------------	----------

CAS Number	20526-97-0
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	256.68
-------------------------	--------

Specification

Appearance	White to yellowish powder
-------------------	---------------------------

Loss on Drying	<0.5%
-----------------------	-------

Melting Point	152°-154°C
----------------------	------------

Single Impurity	<0.5%
------------------------	-------

Assay (HPLC)	>98%
---------------------	------

Residual solvent	<0.5% (by HNMR)
-------------------------	-----------------

Water Content (By KF)	<0.5%
------------------------------	-------
