

Specification

Technical Data Sheet

Product Name	tert-Butylmethylether
---------------------	-----------------------

Product No	90026318
-------------------	----------

CAS Number	1634-04-4
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	88.15
-------------------------	-------

Specification

Appearance	Clear colourless liquid
-------------------	-------------------------

Identification	FTIR: Conforms to Reference
-----------------------	-----------------------------

Water	≤ 100 mg/kg
--------------	------------------

arrears, DIN 53172	≤ 1.0 mg/100ml
---------------------------	---------------------

C8-hydrocarbons	$\leq 0.020\%$
------------------------	----------------

Ether	$\geq 99\%$
--------------	-------------

Methanol	$\leq 0.01\%$
-----------------	---------------

Specification

tert.-butanole

≤0.025%
