

Specification

Technical Data Sheet

Product Name	3-Chlorosalicylic acid
---------------------	------------------------

Product No	90026432
-------------------	----------

CAS Number	1829-32-9
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	172.57
-------------------------	--------

Specification

Appearance	Beige/Off-white to white powder
-------------------	---------------------------------

Identification	Conforms to reference
-----------------------	-----------------------

Melting Point	184 - 186°C
----------------------	-------------

Assay (HPLC)	≥98%
---------------------	------
