

Specification

Technical Data Sheet

Product Name	Diethylene glycol
---------------------	-------------------

Product No	90026477
-------------------	----------

CAS Number	111-46-6
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	106.12
-------------------------	--------

Specification

Appearance	Clear, colourless Liquid
-------------------	--------------------------

Colour (Pt-Co)	≤ 15
-----------------------	-----------

Diethylene glycol, %	$\geq 99.50\%$
-----------------------------	----------------

Monoethylene glycol, %	$\leq 0.3\%$
-------------------------------	--------------

Water Content	$\leq 0.2\%$
----------------------	--------------

Acidity(as acetic acid)	$\leq 0.01\%$
--------------------------------	---------------

Dry Point	$\leq 250^{\circ}\text{C}$
------------------	----------------------------

Specification

Initial Boiling Point

$\geq 242^{\circ}\text{C}$

Specific Gravity 20/20°C

1.117- 1.120
