

# Specification

## Technical Data Sheet

<b>Product Name</b>	Acetaldehyde ammonia trimer
---------------------	-----------------------------

<b>Product No</b>	90026797
-------------------	----------

<b>CAS Number</b>	58052-80-5
-------------------	------------

<b>Storage Temperature</b>	2 to 8 °C
----------------------------	-----------

<b>Molecular Weight</b>	183.26
-------------------------	--------

### Specification

<b>Appearance</b>	Light cream powder solid
-------------------	--------------------------

<b>Identification</b>	Conforms to reference
-----------------------	-----------------------

<b>Melting Point</b>	94-96°C
----------------------	---------

<b>Assay</b>	≥97.0%
--------------	--------
