

Specification

Technical Data Sheet

| | |
|---------------------|----------------------|
| Product Name | 2,4-Dimethylthiazole |
|---------------------|----------------------|

| | |
|-------------------|----------|
| Product No | 90026859 |
|-------------------|----------|

| | |
|-------------------|----------|
| CAS Number | 541-58-2 |
|-------------------|----------|

| | |
|----------------------------|---------|
| Storage Temperature | Ambient |
|----------------------------|---------|

| | |
|-------------------------|--------|
| Molecular Weight | 113.18 |
|-------------------------|--------|

Specification

| | |
|-------------------|-------------------------------|
| Appearance | Colourless or primrose liquid |
|-------------------|-------------------------------|

| | |
|----------------|------|
| Content | ≥99% |
|----------------|------|

| | |
|-------------------------------------|---------------|
| Relative density (25/25°C) | 1.049 - 1.057 |
|-------------------------------------|---------------|

| | |
|------------------------------|---------------|
| Refractive Index 20°C | 1.504 - 1.514 |
|------------------------------|---------------|
