

Specification

Technical Data Sheet

Product Name	Isopropylmagnesium chloride 2M in tetrahydrofuran
---------------------	---------------------------------------------------

Product No	90026958
-------------------	----------

CAS Number	1068-55-9
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	102.85
-------------------------	--------

Specification

Appearance	Brown to grey solution
-------------------	------------------------

Assay	1.90-2.20M
--------------	------------

Notes	May develop some turbidity
--------------	----------------------------
