

Specification

Technical Data Sheet

Product Name	Dexamethasone 21-acetate
---------------------	--------------------------

Product No	90027040
-------------------	----------

CAS Number	1177-87-3
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	434.50
-------------------------	--------

Specification

Appearance	White or almost white crystalline powder
-------------------	--

Loss on Drying	≤0.4%
-----------------------	-------

Specific rotation	+82° - +88°
--------------------------	-------------

Total impurity	≤2.0%
-----------------------	-------

Assay	97.0% - 102.0%
--------------	----------------

Individual impurity	≤1.0%
----------------------------	-------
