

Specification

Technical Data Sheet

Product Name	2-Nitrophenylacetic acid
---------------------	--------------------------

Product No	90027173
-------------------	----------

CAS Number	3740-52-1
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	181.15
-------------------------	--------

Specification

Appearance	Light yellow solid
-------------------	--------------------

Identification	Conforms to reference
-----------------------	-----------------------
