

# Specification

## Technical Data Sheet

|                     |   |
|---------------------|---|
| <b>Product Name</b> | 1,4-Bis(5-phenyloxazol-2-yl)benzene (POPOP) |
|---------------------|---|

|                   |          |
|-------------------|----------|
| <b>Product No</b> | 90027498 |
|-------------------|----------|

|                   |           |
|-------------------|-----------|
| <b>CAS Number</b> | 1806-34-4 |
|-------------------|-----------|

|                            |         |
|----------------------------|---------|
| <b>Storage Temperature</b> | Ambient |
|----------------------------|---------|

|                         |        |
|-------------------------|--------|
| <b>Molecular Weight</b> | 364.40 |
|-------------------------|--------|

### Specification

|                   |                           |
|-------------------|---------------------------|
| <b>Appearance</b> | Yellow crystalline powder |
|-------------------|---------------------------|
