

Specification

Technical Data Sheet

Product Name	Paraffin wax
---------------------	--------------

Product No	90027595
-------------------	----------

CAS Number	8002-74-2
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	436.84
-------------------------	--------

Specification

Colour	White
---------------	-------

Congealing point	60 - 62°C
-------------------------	-----------

Penetration at 25°C	14 - 18 dmm
----------------------------	-------------

Viscosity(100°C)	3.5 - 4.5 cSt
-------------------------	---------------
