

Specification

Technical Data Sheet

Product Name	N,N-Dimethyl-p-toluidine
---------------------	--------------------------

Product No	90028115
-------------------	----------

CAS Number	99-97-8
-------------------	---------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	135.21
-------------------------	--------

Specification

Appearance	Yellow to Brown liquid
-------------------	------------------------

Identification	Conforms to reference
-----------------------	-----------------------

Assay (GC)	≥98.0%
-------------------	--------
