

Specification

Technical Data Sheet

Product Name	Phenoxyacetyl chloride, 98%
---------------------	-----------------------------

Product No	90028131
-------------------	----------

CAS Number	701-99-5
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	170.59
-------------------------	--------

Specification

Appearance	Clear yellow liquid
-------------------	---------------------

Refractive Index	1.5320-1.5360 at 20°C
-------------------------	-----------------------
