

Specification

Technical Data Sheet

Product Name	Acid Red 388 liquid (Rhodamine WT 20% aqueous solution)
---------------------	---

Product No	90028160
-------------------	----------

CAS Number	37299-86-8
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	566.99
-------------------------	--------

Specification

Appearance	Dark red liquid
-------------------	-----------------

Assay	19.37 - 23.03%
--------------	----------------

Lambda max	553nm - 557nm
-------------------	---------------

Identification (IR)	Conforms to reference
----------------------------	-----------------------
