

Specification

Technical Data Sheet

Product Name	Sodium ethylenesulphonate 25 wt. % in H ₂ O,
---------------------	---

Product No	90028268
-------------------	----------

CAS Number	3039-83-6
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	130.1
-------------------------	-------

Specification

Appearance	Colourless to light yellow liquid
-------------------	-----------------------------------

pH	8 - 13
-----------	--------

Solid Assay	<=35%
--------------------	-------
