

Specification

Technical Data Sheet

| | |
|---------------------|-------------------------------|
| Product Name | Copper(II) nitrate trihydrate |
|---------------------|-------------------------------|

| | |
|-------------------|----------|
| Product No | 90028446 |
|-------------------|----------|

| | |
|-------------------|------------|
| CAS Number | 10031-43-3 |
|-------------------|------------|

| | |
|----------------------------|---------|
| Storage Temperature | Ambient |
|----------------------------|---------|

| | |
|-------------------------|--------|
| Molecular Weight | 241.60 |
|-------------------------|--------|

Specification

| | |
|-------------------|--------------|
| Appearance | Blue crystal |
|-------------------|--------------|

| | |
|----------------------|---------|
| Chloride (Cl) | ≤0.005% |
|----------------------|---------|

| | |
|--|--------|
| Cu (NO₃)₂·3H₂O | ≥99.0% |
|--|--------|

| | |
|---------------|--------|
| Ferrum | ≤0.01% |
|---------------|--------|

| | |
|---------------------------------|--------|
| Sulfate (SO₄) | ≤0.02% |
|---------------------------------|--------|

| | |
|------------------------|---------|
| Water insoluble | ≤0.005% |
|------------------------|---------|
