

Specification

Technical Data Sheet

Product Name	Pentafluorobenzyl Bromide
---------------------	---------------------------

Product No	90028659
-------------------	----------

CAS Number	1765-40-8
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	260.99
-------------------------	--------

Specification

Appearance	Clear colourless to yellow liquid
-------------------	-----------------------------------

Refractive Index	1.4685 to 1.4725 (20°C, 589nm)
-------------------------	--------------------------------

Purity(GC)	≥96.0%
-------------------	--------

Infrared Spectrum	Conforms to structure
--------------------------	-----------------------
