

Specification

Technical Data Sheet

Product Name	3,3',4',5-Tetrachlorosalicylanilide
---------------------	-------------------------------------

Product No	90028776
-------------------	----------

CAS Number	1154-59-2
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	351.02
-------------------------	--------

Specification

Appearance	White to off white powder
-------------------	---------------------------

Melting Point	162°C
----------------------	-------

Assay	≥98.5%
--------------	--------

FTIR	Conforms to structure
-------------	-----------------------
