

Specification

Technical Data Sheet

Product Name	(1S)-(-)-Verbenone
---------------------	--------------------

Product No	90028816
-------------------	----------

CAS Number	1196-01-6
-------------------	-----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	150.22
-------------------------	--------

Specification

Appearance	Colourless to pale yellow liquid
-------------------	----------------------------------

Density	0.970g/ml - 0.980g/ml
----------------	-----------------------

Refractive Index	1.4900 - 1.5000
-------------------------	-----------------

Assay (GC)	≥ 95.0%
-------------------	---------

Identification (RAMAN)	Conforms to Reference
-------------------------------	-----------------------

Optical Rotation	-220.00° to -130.00°
-------------------------	----------------------
