

Specification

Technical Data Sheet

| | |
|---------------------|-------------------------|
| Product Name | 1,2,4-Triacetoxybenzene |
|---------------------|-------------------------|

| | |
|-------------------|----------|
| Product No | 90028819 |
|-------------------|----------|

| | |
|-------------------|----------|
| CAS Number | 613-03-6 |
|-------------------|----------|

| | |
|----------------------------|---------|
| Storage Temperature | Ambient |
|----------------------------|---------|

| | |
|-------------------------|--------|
| Molecular Weight | 252.22 |
|-------------------------|--------|

Specification

| | |
|-------------------|-------------------------|
| Appearance | Off-white to tan powder |
|-------------------|-------------------------|

| | |
|------------|-------|
| Ash | ≤0.1% |
|------------|-------|

| | |
|-----------|----------------------|
| IR | Conforms to standard |
|-----------|----------------------|

| | |
|-----------------------|-------|
| Loss on Drying | ≤0.5% |
|-----------------------|-------|

| | |
|----------------------|-----------|
| Melting Point | 96 - 99°C |
|----------------------|-----------|

| | |
|-------------------|------|
| Assay (GC) | ≥97% |
|-------------------|------|

| | |
|-------------|--------|
| Iron | ≤50ppm |
|-------------|--------|
