

Specification

Technical Data Sheet

Product Name	Isopropyl acetate
---------------------	-------------------

Product No	90029583
-------------------	----------

CAS Number	108-21-4
-------------------	----------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	102.13
-------------------------	--------

Specification

Appearance	Clear, colourless liquid
-------------------	--------------------------

Assay	≥ 99.0%
--------------	---------

Identification (RAMAN)	Conforms to Reference
-------------------------------	-----------------------

Water Content (KF)	≤ 0.1%
---------------------------	--------
