

Specification

Technical Data Sheet

Product Name	Ammonium fluoride 96%
---------------------	-----------------------

Product No	90029969
-------------------	----------

CAS Number	12125-01-8
-------------------	------------

Storage Temperature	Ambient
----------------------------	---------

Molecular Weight	37.04
-------------------------	-------

Specification

Appearance	White powder or crystals
-------------------	--------------------------

Purity	96% - 100%
---------------	------------

Solubility in water	Soluble 1 M at 20°C, clear, colourless
----------------------------	--

Water Content (KF)	≤3%
---------------------------	-----
